

I have a complaint with the Directv Tivo service. Directv is showing programming from fractional times inorder for you to pay for a dual Tivo service to record programs airing back to back. For an example, on Wednesday's they show Alia airing from 8:01pm to 9:01pm. My local over the air station shows the show getting over at 9:00pm. I can't set up Tivo to record another program beginning at 9:00pm unless I pay for a dual Tivo and 2nd directv line. This is complete bullshit by Directv, who do they answer to anyways? It seems like they continue to push the envelope and constantly finding ways to screw the end-user. Please put a stop to this immediately!
